

Spirit Spouses - Identify, Root Out, and Divorce

Its a bit long but it must be done.

Fighting And Destroying Your Spirit Husband And Wife.
Demons Must Fall.

Spirit husband and spirit wives these are real beings and the purpose of a spirit husband or spirit wife is to "bind" us in the participation of sex through sleep and dreams. Many people who had great destinies ahead of them have been destroyed because of illegal sex and unnatural sex by these spirits. From the start marriage supposed to be between a man and a woman, not a man and a man or woman and a woman, neither a wo/man or a spirit.

Satan always wants to distort that which God has put in order. He wants to bring disorder to it. So if God says this is white, Satan will come along and says did God really say it's white no it is black? He has destroyed many people's lives by polluting the stock of God. God always seeks out the righteous. God says, "I will put enmity between your seed and the woman seed". God ordained that marriage should be between a woman and a man. The Bible says, "a man shall leave his father and his mother and hold fast to his wife and the two shall become one flesh." Genesis 2 verse 24 and Ephesians 5 verse 31.

When God gave Adam the garden he gave him an assignment take care of it. A man is someone who is ready for marriage, a man is someone who has an assignment in his

life, a man is someone who has Vision. God said be fruitful and multiply, a man has a vision of being fruitful and multiplying and replenishing. That is why you will see sometimes if you marry a boy and you find the cupboards are empty and he's got no desire to fill the cupboards up and you question yourself how did I end up in the situation? But you do not realise that you actually married a boy. When God had created a man and gave him assignments he then sent him a helper, a helpmate a woman, a woman is able to bring out the Manliness in a man. A woman pays attention and develops a man in all areas he is lacking as a provider. She is able to compliment a man. Women are so powerful and such a threat that we never heard of Satan until a woman came along. When Adam name all the animals it didn't faze the devil. Adam was a very powerful being. Everything feared him and everything bended to his will. But when a woman came on the scene instantly demons were attracted to her. Genesis 6;2 2" That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose."

So if you a woman and you don't know how to live in the spirit you are in big trouble because God said," I will put enmity between the woman her seed and the devil and his seed." The devil has seed!!

So as a woman you get to be more prayerful over your seed, more than ever because the devil is after your seed. You'll see by God's law children need to be trained up and ready for warfare. That is why you got

no business marrying a boy you need to marry a man. Men with no vision they club they party, they have sex with many women, they spend their money recklessly, they have no clue about life. A man shall cleave to his wife to become one with her. If you have two bottles of water one with clean water half-full, one with dirty water half-full when you put the two together the clean water becomes dirty water and that is what happens when you have sex with an unclean person/SPIRIT or if you have sex before marriage it affects the mind, it pollutes the mind the body the soul the heart ,your flesh, sex has the power to unite the souls of two people. It can be a blessing if done in marriage and it can be a curse done outside of marriage this thing is dangerous and the devil Knows this trick. 1 Corinthians 6:16

"What? know ye not that he which is joined to a harlot is one body? for two, saith he, shall be one flesh."

Now the devil has noticed it through sex he can unite the soul and the spirit and he can cause a problem when the two unite. You may have as a young person you got it together growing up, you may have opportunities given to you by your family. You may love the Lord but at the end of the day when the demons are looking at you they're asking themselves this question how can I destroy this person's life. They do it through sex and they do it through and spirit husband/wife. When the sons of men when the sons of God saw the daughters of men they took for themselves wives that means these things are able to make themselves physical bodies.

That is why you will find as a young girl who meets a guy and this guy ruins are life. He makes a pregnant, he leaves and when he has left her and she tries to move on he comes back and causes trouble for her. He fails to provide for his child that he has created with her. These are spirit husbands/wives working to destroy you.

Some of you when you go sleep at night wake up in the morning very tired sometimes you cannot remember what you did in your sleep but you find yourself exhausted like you only had 30 minutes sleep the whole night. Some of you wake up with sore private parts. Some of you wake up with yours pants wet. Some of you wake up feeling sick and bloated. These are spirit husbands and spirit wives that have been using your body in the night to have sex so that they may steal or deposit from you, they will steal from a male sperm they will deposit in female and they will create in a woman spiritual babies. Then in your waking life you find out you cannot have a partner, you find out that if you do have a partner the relationship will not last long 2 months 3 months maybe even 6 months. You find out that the man or the woman is no longer attracted to you very quickly. You find out that you are lonely for years on end. You find out that you can easily get into arguments with the partner you supposed to love. This is the work of the spirit husband or wife that is inside of you their job is to turn any lover that you might love away from you because they are legally saying, I am your lover. And because they are your lover they will be the ones at night will come and rub

you in your sleep who will call you at night. They are the ones that even when you by yourself will whisper to you to masturbate and make you feel horny. They are the ones who will cause you to focus on pornography. They are the ones who will cause you to have many fantasies about sex with actors and singers and famous people and people you generally like. They are also the ones who will use the faces of your ex's to come and sleep with you while you might even be in a relationship currently.

This will bring confusion to your mind about your current relationship because you keep thinking about your ex that is sleeping with you in your dream. They have the power to destroy any interview that you might be qualified for. They have the power to close any door, you'll get a spirit of rejection. You will feel unwanted by people or abandoned by people. They will sometimes cause you to feel like a loner in life. You will feel like you can just never get ahead and nothing ever works out for you in life. Why is this happening, it is because you are married in the spirit and what is yours is this also the spirits husband/wife, you are married in community of property. So whatever you have whatever progress you have also belongs to the spirit husband/wife. So they have access to what is your fortune and they will ruin it for you because at the end of the day the assignment is to destroy you.

Spirit Husband Spirit Wife Through Ancestral Curses.

Many of us don't know what our ancestors were up to 60 years ago, 70 years ago, 150 years ago. If your

ancestor be it from your mother's house be it from your father's house went to go sort out powers from a witch doctor in order to receive the power, the witch doctor required something from your ancestor. This something is required for the spirit that is behind the altar, that is been raised for whatever the ancestor wants in the spirit realm to happen on earth. So the witch doctor will take whatever the ancestor gives but what the witch doctor doesn't tell the ancestor is that now your blood line and every child that is born of your ancestor and every child that is born of the child, that is born of you is locked to the Spirits and to this altar of the witch doctor. It means that your bloodline will serve the spirit and this also will be your god. And all the ladies and boys that are born from you/them right down to the third fourth generation even the 7th generation they are now married to to this god. So now this god has legal access to every child born from this family going forward and he will come in the night to sleep with the children to make sure that he reproduces evil in them and through them. Your ancestors may have already sold you before you were even born. These spirits they don't have an expiry date they don't go away they will remain there until they are ejected out of the bloodline of the family. You may find a family of beautiful women none of them are married.

You will find it somewhere just have many children from many different fathers. That men will just come have sex and run away. These are indications that something has been done in the bloodline before they were born.

Internal spirits some women have even a bigger problem. SOME have a spirit that lives within the womb. You will find that a woman might be attracted to a man but when it's time for them to have sex her private will stay very dry. Or she will become very tight that it will be hard for a man to enter her. Or she will experience pain if she's having sex with the man. Or she might even burn down there while having sex with the man or after sex. These are all indications that you have a spirit husband.

If you are currently sleeping with the spirit husband or spirit wife, know that they have initiated you into witchcraft know that you might think you've got a gift like how you can see dead people. Understand that it is the spirit that is working through you to call the divination. You will see yourself sometimes going into a river and under a river with strange people in various environments you must understand that this is the witchcraft of the spirit. So now you find your prayers are not working and you praying and praying but these things they are not leaving you they are just causing more problems in your life and you do feel like you're worthless. In some cases women don't even feel like getting married anymore or have a Desire for a husband or boyfriend. In other cases everything you try and do in business and in life it fails and fails and continues to fail even up until the 10th business you try.

In African tradition mainly you find that when a baby is born that the mother will go for medicine to protect

the child but what the mother doesn't know is that the place she is going too, the spirit that is behind the altar is evil and while the child might be protected the spirit is waiting for the child to be old enough to start using the child. You find that cuttings are placed at the back of the neck on the chest on the left hand. You'll find even that some women will go to the doctor and say to the witch doctor my womb is dry because she does not know what is going on the witch doctor will tell her to bring some things for a medicine. But while the witch doctors performing the rituals he is informed by the spirits that this woman has a spirit husband that is blocking her seed inside of her womb. The witch doctor would then speak to the spirit in the womb and the two of them will make an agreement that this child when it is born will be used by the spirit husband.

Other means of entrances for the spirit is through cultural dances dances that are used to invoke spirits be very careful of what dance you dancing if you don't know it's origins you could be invoking spirit to come into your life.

Another way of entry is to sexual perversion pornography I've said it before pornography sex before marriage sodomy lesbian sex gay sex and so on.

Lastly but also most importantly is the way women dress. Now I know many women might not appreciate what is about to be said. But remember the spirits, the Fallen ones were attracted to the woman when they saw the woman. So the same way you showing your thighs on

the streets and men or whistling when they see you is also the very same way demons are attracted to you. Because the demon inside of the man will see you long before the man sees you. It is very important to dress smartly but also not to attract unwanted demonic attention in your life. Be careful of jewellery that you buy, ritualistic jewellery, there is jewellery made for idolatry there is jewellery made for charms. These can be doorways and entryways and legal rights to gain access to you. The Lord says touch not the unclean thing. 1 Peter 3 verse 1 says be very careful about how a woman should adorn herself. You just may invite the Jezebel Spirit. Your inner beauty, your godly character your walk of life is far more important than your outer beauty and what you wearing
