Daniel knows I can sit maybe two hours and I'll put it down and I'll sit two hours and just as the Spirit leads, I will touch it but I won't force it. And this is the word that God, well I believe God, dropped it in my heart. And it's the word of Shema. Have you ever heard that word Shema? A Hebrew word? Shema. What do you think Shema means? Jesus. If I say to you, the Shema what I said, what do you think you would say? A Hebrew word? Yeah, that's correct.

The word Shema means to hear. We're going to read from Deuteronomy chapter 6 verses 3, 4, 5, 6, 7. We must think of hearing not as what we currently think hearing is. Today we have such, we can't retain much in our minds and I don't know why. When someone says, hey, yeah, what I've got to say, we take a picture of it and then it's done, it's lost. We can't have that type of mentality when we want to Shema and hear what God has to say. We can't have that type of mentality.

We're going to go deeper into it. It's not quickly listen over here and then you hear and then like someone says, hey, my name is Jack and 30 seconds later you say, sorry, what's your name again? We can't hear God's word in that manner, in that capacity. We can't afford to treat it as such. And God gives us the reason why. One thing about God, He doesn't leave us hanging. He doesn't leave us in the lurch. He tells us why. And Deuteronomy chapter 6, we're going to read from verse 3, it says, hear, hear, therefore, O Israel, and observe to do it.

That's it. It says hear and then observe to do it. So it's not asking God, God, what's your name? Ah, Yahweh, and then five minutes and say, God, what's your name again? Yahweh. No. It says hear, O Israel, and observe to do it. Now you've got to pay attention. That it may be well with you. There's His reason. Okay, it's going to be well with me. What then? It's going to be well with me. And that ye may increase mightily. So you said it's going to be well with me.

And that I might increase mightily. As the Lord God of your fathers had promised Abraham as our father. We are the seed of Abraham by faith. Just as He had promised Abraham, I will give you this land. Walk the length of it. Wherever you stop, that's yours. Abraham didn't

work. Abraham received. In the land that floweth with milk and honey. Who knows what milk and honey means? How well has heard it? No one ever went deeper than the land of milk and honey.

Here, it says again, Shema, O Israel, the Lord our God is one. This is very significant and important. And thou shalt love the Lord thy God with all thine heart. This is our command. One of the greatest commandments. The multiplayer, the everlasting commandment for our lives. And with all thy soul and with all thy might. And these words which I command thee this day. These words here. These words I command thee. This day shall be in thine heart. This is not for you to hear in your ears.

It is for you to take and put it inside of your heart. The word God speaks goes to the heart. And we know the heart is the root of many things. And thou shalt teach them, okay, diligently, carefully, unto who? Thine children. So God is saying, after you've heard, now you must teach. This is a direct instruction to who? Parents. And shall talk of them. And thou, you, sitters. When you're sitting at your table in your house. When thou sitters in thine house.

And when thou walkest by the way. It is to your children. It is when you're in your house. It is when you are moving. You're going to evangelize these things of here. And when you rise up. You're going to do it also. You're going to remember it. You don't get up to get up. You get up to remember what God is doing for you. What God has done. And thou shalt bind them for a sign up upon thy hand. We're going to go into this a little bit. And they shall be as frumplets, bands, between thine eyes.

You'll constantly see it. We're going to dig into this. And thou shalt write them upon the post of thy house and on thy gates. So it's writing on the house and on the gates. Normally people got a corporate here that says, House of the Lord, or whatever the case, welcome, so on and so forth. So this Shema is not just hearing. How many times Jesus said, He who has ears, let him hear. He's not saying, Are you deaf or you dumb? He is saying, You who want to have the full understanding, the observation, you is calling that one, the one who wants to know God, That one, you, let him hear.

You must hear. We see that God has given some instructions around what has been told for Israel, the Israelites. Why? Aren't we not grafted into Israel? Are we not adopted in? Are we not grafted in? You know how grafting is done. They cut it there and they take another one and they put it on top of that plant and then they seal it up with soil and then they bind it and then it grows on its own and it's grafted in. Are we not grafted in? And He said it's for Israel to do concerning what they hear before they enter the promised land.

The idea of hearing is not just something... .. Hear and then you forget. Unlike people who come to church to hear the word and then they say it was powerful, but later forget what was heard and never apply anything of what has been said. And to hear in the Hebrew means to listen. Too many of us do this. Powerful, wonderful, marvelous. Then you ask the question, what was broken? Who are, if it was so powerful and wonderful and it was so marvelous, why haven't we then moved to engage it into our lives? It is one of the very telltale signs of a shallow Christian.

We like to use the words, we use those words. And then when we ask, we can't engage. God calls us to listen with intention. God calls us to listen intelligently. When he says here, he says, listen intelligently to what I'm saying to you. As one who has going on a course, listen carefully to what I'm saying to you with intention in order for you to be obedient to what you are about to hear. You've got to listen to it so that you get the instructions.

You know, it's like driving school and the guy says to you, all right, you've got to press the clutch in. And when you press the clutch in and release slowly, you're going to feel a kick. And when you feel the kick, then you're going to apply the petrol. And when you apply the petrol, the car's going to move. You've got to hear all of that. Or else it's go, go, go, go, go, go, go, go, go, go, go, go, and the guy's screaming at you. Hey, I'm telling you, my clutch, my this, my that to the third.

And when you listen, you listen to obey. You engage your attention to stop what you are doing and engage your ears. This is also common in church. This thing is a telltale sign. You're in church, people got their cell phones out. WhatsApp, the browser, the person's talking, this is talking, that's talking, what's going on there. They come there, but they've got their phones out. You are then able to gauge who is engaging intelligently in what has been spoken and what has been said.

But now the technology is farther on the box. But that's... I'm talking about those who go on WhatsApp. Those who are on Facebook in church. I'm talking about when the pastor says Psalm 23 and then you go there and... Yeah, you can see when they're distracted. Yeah, Psalm 23. I got distracted once when I was in Prophet Joseph's church. Holy Spirit told me at the same time he got distracted. Prophet Joseph, call me. I knew I got distracted. My head literally went to the left.

Holy Spirit knew you're distracted. You could call me. Engaged. Applied. Technology, everything. Eyes, ears, all that engaged. So you engage your attention to stop what you are doing and engage with your ears, your eyes, your mind, everything, your intellect. Anything that is not engaged, you need to engage it. Your attention is now surrounded. Your attention is

now surrounding. And another thing. And another thing is now surrounding. The word. As a matter of instruction for your life.

That is how you engage me. This is a matter of instruction for my life. When Jesus says, he who has ears, let him hear. He said, are you engaging? And if you are, are you going to do it to observe? Are you there as part of the crowd? The ones who say powerful, ooh, wonderful, ooh, I felt this and that. Now you want to catch, right, piggyback on what was said, you know, that it sounded so nice. And what was spoken about? Doesn't make no sense. It says there, do not be when hearing distracted.

Think of Mary and Martha. Mary went to sit at the feet of Jesus. Martha went to go prepare the what-what for them. When she got crossed and she went to Jesus, she said, now I'm there, I'm busy over here. What did Jesus say? Jesus said to Martha, Mary has chosen the better part. Sitting and listening to Jesus was a lot more better than going and go prepare for Jesus. And some of us, we like to carry our stripes and our shoulders and what we do, what we do, what we do, but we don't have fruits.

We got no fruits of what we heard. It means to give an opportunity to the speaker to be heard. You the listener hearing to remember so that later you can perform, you can do, you can pass, you can proclaim what you've heard. Because you've observed it, you're going to be given a testimony. God says, it will be well with thee. Does that not mean you've got a testimony coming? Imagine you're sitting in school with the teacher's teaching and you don't engage your ears.

Now when the time comes for the what's in the what's in the what, whoa, this thing is foreign. How can it be foreign when you were in the class? It's foreign. It's Greek. When I was in sub A, the only number lines I took were 1 plus 1 and 2 plus 2. The rest was Greek. Next time, 1 plus 1 and 2 plus 2, I looked for those chords. I even ducked those chords too much. Why? No one used to teach me at all. But I knew what was 1 plus 1 and what was 2 plus 2.

Just ask me what's 2 plus 3. Where have you got problems? Or 3 minus 2. Big problems. No, we had number lines to get to the answer. Why? Because we didn't engage. Didn't understand. And the teacher says now. Now you do it. Woo! You never listened. You were staring. You were gone. You can't do it. Where my books were? All in the back. Never marked. Six months books not marked. Yeah? Because you're scared now. Yesterday she didn't mock. She didn't ask you why didn't I mocked yesterday.

But yesterday, you know, there's no, there's nothing going on there. It's just blanks. Blanks. That's why we've got to engage our thing hearing. So that's why each child's results are different. Today I will say we've got to engage our way. There's results from children who

listen to understand and there are results from children who just don't ever listen. It goes for the same as your faith. And then God says for this reason that you need to observe.

What does he mean by observe? He means now that I've given this word to you, you must with thorns create a hedge of protection around us. Wasn't Jesus crowned with thorns? He created a hedge of protection, given a hedge of protection around what he was about to do. You, now, you must create a hedge. You must protect what you are hearing. You must make sure you don't lose it. You must make sure Satan doesn't steal what you've heard before you can apply it.

Don't add to it. Don't add to what's been heard. Just do exactly what has been heard. Then take it on yourself and be a watchman. Then you've got it. So when I'm coming to you with my life experiences and this, that, and that, I need to shut you down. No. No. I'm not interested. I don't care. This is what I heard. This is what I believe. This is what I'm standing on. Hey, but how, you know, it doesn't look like, I don't care what it looks like. God says, it is going to be well with me.

He didn't say when I take the next step, it's going to be well. He's worked the wellness out. Me, I'm just waiting for what he says to happen, must happen. And you need to make it a priority in your life. Observing can mean to celebrate it also. We had Ascension Day, and even though we didn't celebrate Ascension Day per se, but when you observe, when you get this word, when you put it in your soul, then you celebrate it. You make it part of your household.

It mustn't be something that is absent. You're now celebrating it because you're observing it. In the same way we can do man-made observations like Christmas and all of those things are man-made. New Year's Day, man-made. Ooh, we spend lots of money on things that have got absolutely nothing to do with the Father. We spend lots of money doing it. Why can't we then observe the very things that he says that's going to make us right in our lives? We sing, it is well with my soul.

So, where does it is well come from? It is well has to come from observing. Because the benefits of it is well is coming from our obedience to what has been spoken to me. I celebrate what has been spoken to me. Now I sing, it is well with my soul. Because I've got a testimony that I'm giving. So we celebrate it like a holiday. That what we have heard from God, we celebrate it like a holiday. He said here, not just in someone who's about to gossip and listen and go and go spread wrong stories all over the show.

We need to hear. It's amazing. We can listen to gossip. Hey, word for word we will repeat. Two hour story. Sunday church, what happened? What was the text? Hey, yeah, you know, hey, you know, God's good, hey, yes, God. We can't do that. We need to start training what is

right inside of us. So then we need to let this new information become your new life style. And this is where the problem comes in, because when we're engaging in Christians and we're teaching them, and then we get the Christians and say, well, I don't really feel like, I don't really feel like, I don't really feel like it should be done like that.

I don't really feel like, I don't really. So the question you've got to ask them is, what have you heard from God that you are protecting and you are adamant that that which he has spoken in his word should not be applied to you in your life? Where are you getting your source from? I don't feel like. Where? What sermon? What scripture? What are you standing on? I think, when I tell people about Christmas trees, well, I don't really feel like that's traditions of men.

That's traditions of, that's, we're upholding something. God never spoke about it. He never asked us to observe it. He never asked us to protect it. But we so fiercely protect it. The rituals around it. Oh, we've got to make sure it's perfect. The fruitcake must be there. The disc must be there. Who's deceived us? Where have we shemarred? Where have we heard this? But the churches and the churches promote this thing and they say, oh, now it's Advent.

And you know, Jesus is smiling when we're celebrating his birthday. Nonsense. Sin. And we've got our defenses. Oh, well, I don't think and I don't feel. Okay, give me the word of God that you're standing on when you start telling me these things. That he says we have to do it. If it is in the action of a thing, it can be proved. Basically, what he's saying over here is, when a teacher has said to a child, come up to the board and solve this sum, The teacher is basically wanting to see if you understand the formula to solve the sum.

Because in the formula, you'll get the right answer if you do it correctly. And the word is like the formula. And the word is like the formula for our lives. At school, we need to demonstrate it. But in our lives, we also need to do it. We need to understand it. Because doing what he said is vital in the eyes of God. Who's watching you? God is watching you. It's vital in the eyes of God. Who is watching you? Because God says he will judge your secrets.

He's not going to judge you. He's not going to judge you. Not that. He's going to judge you by your secrets. When you think no one is looking. When you've got to put the phone down like this, and someone walks for it in five minutes. He's going to judge you there. So it is vital for us to be obedient. Not as some mere ritual of our daily life. Don't do like the Pharisees do. But as in drawing closer in the life to God. As we draw closer in our lives to God, this is where it becomes important.

I draw closer to God in not only my lips. I draw closer in my actions. I draw closer as I'm here. I draw closer when I think about things to do. I first raise up. That which is of God, against

that which I want to do. And this will reflect in my obedience to God. Not just my lips. We've got too many Christians who are Christians by their lips. By what they dress in and what they speak. You've got too nice, good-looking things over there. You're strutting and strutting.

Oh, Jesus, this one can pray and that one can do and that one can do. And ask God, open up the fire, let's see. Pray, Lord, show me this person. There you see this. Sometimes you don't have to see a whole thing, you can just see an animal. The one guy, you were in a group, he came, he was causing chaos, corruption. I'd just come from Prophet Joseph, he was here in New Orleans. I went to him. I said, hey, Lord, show me this person. God showed me a baby kangaroo.

A person that jumps around from place to place that's hiding the truth. And then when it was proven, it was proven, it was someone that goes from group to group causing chaos and disruption and he hides because a kangaroo has got a pouch so you hide. Right. So that's how the enemy sees that. That's what God showed me. So, and then he says, it's going to be well with thee. When he says it's going to be well with thee, it's not saying that you will see it straight away.

It's not saying, have you seen it? He said it's going to be well with thee. It is not saying that it's going to come right now. He said it's going to be well with thee. It means that he is causing something to happen as a result of your obedience and observation of this word. God, we sometimes want to see it before we believe it. And in between receiving it, we've got to stand in faith, unmoved and unshaken. God is going to make things better. He's going to give you the best, which will cause you to be cheerful and to have rest.

You are going to be well placed or best situated, listen Melanie, best suited for the opportunities and by his blessing, things will go well with you. God is going to make things right for you. Now all this will, will bring an increase in your life. God, remember the meme, remember we spoke about that meme where we said we're going to strive to become so successful that if someone dies within the family, they won't be able to make funeral arrangements until we arrive there because we are the dooners.

Everyone will wait until you arrive. Your social territory will increase. Your things in your homes that you need will increase. Things will get better with this blessing that God is releasing. You will have more of everything and everything you have will increase. There is not enough to give it to you. This is the promise of God to Abram and as the seed of Abram, this is your promises that we, it is ours too. Have you heard what God is saying? Have you protected it? Are you doing what God is saying? He says, do you stand in faith? Do you not

worry or let doubt come in between you and God? Or do you wait on the things that He said because whatever you have now is not going to be sufficient? He's going to increase it.

We are never in a state of sufficiency when it comes to the blessing because the blessing continuously increases day by day in our lives. And it might not just be monetarily, it might be in wisdom, it might be in knowledge, it might be in understanding, hearing the Holy Spirit better, it might be in our anointing, it might be progressing all over our lives. Think of the promise as an arrangement by God. An arrangement for you. Now in order to have that arrangement, you're going to have to be in agreement.

You will be told that if you come here, you will have your own room with a shower. All food will be supplied, plus drinks, all day, all day tours, anywhere you need to go to, it's going to be paid for. And the promise that, or was spoken, that arrangement for you, it will take shape. And the fulfillment of it will come. And it will start to be coming, and it will come upon your life. It will come upon you, you will have it. And things go as it was promised you.

Don't worry, I will take care of you. And as a result, you have a great time. But you cannot receive a promise if you don't have an arrangement. Who does that mean? Who does that mean? Throughout this. But you must also be careful of false arrangements. You never had no rich uncle. You never had no this, that. And you get this SMS that says, Oh, we've got this inheritance of yours. Your uncle passed away. Or you're just that, that distant relative.

Please click on this link over here to go over there. And just deposit. No. Too many people fall for that one day. You never entered into a competition. You never did. But there's a Ford Ranger waiting for you on the link. Don't enter into silly arrangements like that. Enter into arrangements that God has made for you. Every promise of God will do as He said it will do for your life. It is only for us to experience God's promises as they work and move in our lives.

And we will experience the land of milk and honey. Milk refers to richness. When God says, I will give you a land full of milk and honey. He said, I will give you a land that is rich and abundant. It lacks nothing for you. And the honey means that this thing will stick on you. Because when you touch honey, it's sticky. It will stick on you. It will be sweet on you. It will preserve you. Honey can last for thousands of years. This blessing I am giving to you will be so preserved for a thousand years it will still work within your generational life.

For did God not say to a thousand generations the promise of milk and honey is not literal milk and honey. The promise is the abundance that He's going to give you and it's going to stick to you and your generations to come. You can eat honey a thousand years later and it's still like the honey the day the bees made. God is self-existent and He's an eternal God,

Yahweh. That's the meaning of His name, self-existent and eternal. I want to read Mark 12 verse 29.

Mark 12 verse 29. Mark 12 verse 29. And Jesus answered him, The first of all the commandments is here, O Israel. The Lord, our God, is one. And thou shalt love the Lord, thy God, with all thine heart, and with all thy soul, and with all thy mind, and with all thy strength. That is the first commandment. And the second is a multiplier. And the second is like, namely this, thou shalt love the Lord, thy God, as thyself. Sorry, thou shalt love thy neighbor as thyself.

There is none other commandment greater than these two. Now listen to this. And the scribe said unto him, Well, Master, thou hast said the truth. There is one God. And there is no other but He. And to love Him with all the heart, and with all the understanding, and with all the soul, and with all the strength, And to love His neighbor as himself, is more than all burnt offerings and sacrifices. And then Jesus saw, He answered him discreetly, quietly.

And He said to him, Thou art not far from the kingdom of God. He said to this man, Thou art not far from the kingdom of God. He has the same command. In conjunction with this, you must love the Lord thy God with everything in your heart. And we know that everything in your heart, it means your desires, your emotions, your this, that, that, that. I'm just going to go back to last week's sermon. Not last week, the week before last sermon. Because we spoke about the heart.

Your heart occupies the most important place in your body. The Bible describes the heart where the human depravity is. That's where sin can also thrive. In the heart. So it says there that the principle is that the heart is the seat, is the center of man's inward life. And then defiles the whole circuit. So sin, if it sits in the inward part of us, defiles every circuit of us. And remember I used the explanation of how it engages all and engages everything.

All of our actions. On the other hand, scripture regards the heart as the sphere of divine influence. Romans 2 verse 15 says that the law is written in the hearts. And Acts 15 verse 9 says there is no difference between Jew and Gentile. Why? The heart has been purified. The heart has been changed. Our hearts represent the true character, but it also conceals our true character. Inside of your heart is the true you. You just wait to see. We can hide, hide, hide, but eventually it will come out.

It is the seat of our physical life. It is the seat of our moral life. It is the seat of our spiritual life. It is also the seat of grief. People cannot grieve. You've got to deal with the issues in the heart. You can't be having grief meetings week after week, same people there and no one moving

forward. Go to the roots of the cause. It is the place of our spiritual life. It is the place of desire. It is the place of desire. It is a place where you can look with lust.

It is a place of our perceptions. What you think goes on in your heart. What you think goes on in your heart. What you feel goes on in your heart. It is a place of how you will receive the word of God. You're hearing us in your heart. Our thoughts, Jesus said. Why do you think evil in your heart? It's a place of understanding. Your heart can be waxed cold. Your heart reasons. The reasoning is done in your heart. Do you believe the command, Jesus asked him.

It means do you hear. It's the seat of our imagination. It's our conscience. To gladly receive God's words with the intention of our heart. We've got to receive it in our hearts. To come boldly for help. It gives us purpose. After seeing the grace of God with purpose of heart, they cleaved unto the Lord. After they had received, it is your will that allows you to become a servant of God. It is where your faith is that you will say to your circumstances, you will speak with faith to your circumstances or you will speak with doubt inside of your heart.

So when we look over here at, love the Lord thy God with all thy heart. What is in the heart? What is inside of your heart? And God says, I command thee this day, it shall be in thine heart. If we go back, it says here, and these words which I command thee this day shall be in thine heart. If you've got a crowded heart and there's too many things going on inside of your heart, where is the space for the word of God to be inside? If you're so preoccupied with everything else, busyness of life, if life is overwhelming you, then certainly the word of God cannot thrive.

Jesus used the example of sowing seed. He said, it's like our hearts, there's a stony heart, the softest, the good soil, the thorny heart. There are things that crowd the word of God out of our hearts. What is inside? What is crowding out this word? Where he says you must protect it like a hedge of thorns around it, preserve it, look after it. We're busy with the things of life, as opposed to celebrating the words of life. You have the words of life.

What have they heard that they could say, you have the words of life? What were they observing? What were they gatekeeping? What were they? Psalm 78 says, we will not hide them from their children, showing to the generation to come the praises of the Lord and His strength and His wonderful works that He has done. And in this community, there seems to be a generational gap, a generational gap for Christ in this community. There are too many children that are sinking low, doing anything and everything else, but not coming to Christ as they should.

The call is not just to hear, but it's to respond to the call. Romans asked the questions, how will they hear if there is no one preaching? That's the biggest question. How are they going to

hear if there is no one preaching to them? If there is no one teaching to them? How are they going to hear? How are they going to know that what they decided to do with their friends or what they decided to do is wrong? Think how many times we ask God to hear our prayers.

How do we want God to hear our prayers? Do we not want Him to actively engage with the response? We want Him to hear every particular detail. He must set up and pay attention to what we are speaking to. When we have problems, when we have problems, you have got to come, come, come, I am here and the throne, don't listen to them, listen to me. But do we, when He gives His word, do we say, I am not going to listen to you, I am not going to listen to you, I am only going to pay attention to Him.

Psalm 27 verse says, hear, listen, shema, my voice, when I call, O Lord, be merciful, answer me, remember, answer me, that is what it says, hear, be merciful. Remember, a few services back, I said, if God is merciful to us, we can't be merciful back to God, because God doesn't need to be delivered from anything. God can only receive our obedience. So there is nothing that God needs to be delivered from. We can only be obedient. Now to the obedience, what was and is the promise of God.

If you truly listen, then out of the nations, you will be my tribute possession. Exodus chapter 19 verse 5. So then in Hebrew, the word shema means listen and obey. Those who listen to God become His treasured positions. He says a prized vessel. That thing from Australia. No one must touch you. Who should come all the way from Australia in the cabinet there? Your auntie sent her from Australia. It's made in China, but not with God. Not with God. To obey is to keep covenants.

He who has ears, let him hear. Let him shema. And we see John cried out in the wilderness. And Jesus wept. They were trying to get through to the people. Because many never listened and obeyed. So this generation has to be. So this generation has to be. So this generation has to be. So this generation has to be. So this generation has to be. That's what, or else they're going to have tough times. You can tell. You, you know, I teach stuff to teach you, to observe stuff, to know stuff.

You can tell when the blessing of God is absent in the life of a person. And you don't have to look at it, because we're not fooled by the looks. We're just, we're not fooled by the looks. Um, yeah, I pray, and I go to church, and I do this, and I do that, but nothing is coming right. Nothing is coming right. You don't have to judge a person. You just have to sit back and fall back on the Word of God. And what about the untouchables? What about the tongues? Tell me, what about the tongues? The tides or tongues? Trials.

Trials. What about the trials? That's, that's evident that God is the presence of God. A person's child, what they have to do. Oh, you can put yourself into your own problems. Is that, is that the trials of God when you went there, when the God's clearly said, don't do it. You went there. Don't marry. You married. Don't this. You did that. Don't. Yeah, it's your, your own choice. To do it or not to do it? You choose not to do it. The tribulation, yes, tribulation will come and God will see what's inside of your heart.

Hey, your wood, stubble, fall. Yeah, that's what I mean. That's what I mean, guys. That's what I mean, child and tribulations. What I'm talking about in terms of, you can see in people's lives, they... And what do you fall back on? Yeah, that's what I'm saying, don't. Yeah, that's what I'm saying, don't. Because that's, that's called working in your life. He wants to mold you. He's present to them. Child and tribulations doesn't necessarily mean poverty.

Poverty is not trials and tribulations. How long did you start being with that? How long did you start being with that? How long did you start being with that? Yeah. Okay, maybe you're not understanding what I'm saying, but it's true. I know people have trials, trials that, trials that, that, that, that... But you cannot be holy-fied in church, praying up, praised up, tongue twisting, speaking, this, that, that, and everything in your life has fallen apart.

And it's not falling apart for one week, two weeks. It's falling apart for years and years and years on end. As a Christian, you should know, God judges by the secrets. There are secrets that have not been exposed. What about your calling in the enemy? What about your calling? Have we not been given victory over the enemy? Did we not speak on Thursday that when you get your calling, the enemy is going to come with a plan? Yes. But we've got victory in Christ Jesus over the enemy? Yes.

So then we stand on which part? I'm just telling you. The victory or the failures? We stand on the victory. The enemy is going to come, the enemy is going to do its thing. The question is, what are you going to do? How are you going to protect what you've heard? How are you going to operate in faith? How are you going to do that? Look, the Bible says, no weapon formed against me shall prosper. So we know it's going to form. We know it's going to come.

We know it's going to knock. But it's not going to prosper. And I'm talking about Christians where the weapon that is formed is prospering over the lives of those people. I love you waiting for them. disorder, Una managed, 6okpar False. It is prospering. Gand am I asking for? Where it shouldn't be prospering. And now, yeah, pray for me, pray for me, pray for me, running all over, pray for me, pray for me. No, you need to stop that. Go fix your secrets.

Yeah, go confess and unmask your secrets. And I guess he's the only one that can really pull you out of what he did. Exactly. He's the only one. He's the deliverer. Because he promised

that he will break and cancel all of the covenants that are in your life. That's what he promised. So this is the last bit of it. And yes, we do come from different homes, abusive homes. But if there's compromising in the house, I say, listen, when you compromise, you come into problems.

Because you become lukewarm and God says, that thing I'll spew out of my mouth. And we've got a lot of homes where children don't listen to their parents. But their parents don't listen to the Lord. Now you ask, why don't children respect adults? There's a root problem. You know, if you've had strict parents, charged up strict parents, you listened to your parents. You listened to your parents. There's a time set aside for instruction and obedience.

And a lot in this community is missing in this community. Our children are not our children. Our children are not our friends. This is where the biggest problem came in, where we introduced this concept. Someone said to me, oh, but you must be a friend. She had also said, no, I'm the child's dad. If she wants friends, she must go look for friends. But I will instruct her. I am a dad. I give instructions. And that's the perception, exactly what you're saying.

That is exactly how our community is. Not appearance, want the children to be there. Friends. And I said, but who's in authority then? Exactly. And it comes in because there was high birth rate in teenage pregnancies. So the age difference is not that much when your mother's 16 years older than you. Those days where your mother was 28 years older than you. Now your mother's 14 years older than you. And we saw it in this community where the mothers were in the clubs with the children.

That time when there were clubs. Get dressed, we go into the club. I know I was there. I know I was there. I was there. I was there. I was in the club. I was there. And I'm going to finish off with this. Because I like this. Corinthians chapter 1 Corinthians chapter 1. First Corinthians chapter 8 verses 6. Yeah, I like this. There's such a cryptic word within the world. Now our stream is a ANN narrow state story, so having a producer coming onto this.

We're going through a group and making a commentary on понять this. Are you going through the heads and make theäma? They have an excuse for us? I think the wind today, the wind wasn't blowing, you know, the pages just go heavy by it. Verses 6, but to us, there is but one God, the Father of whom all things, and we are in him, and one Lord Jesus Christ, by whom all things were made. Let's go to Deuteronomy chapter 6. I mean, you want to ask them, where's Jesus in the Bible? Deuteronomy chapter 6, verses, where are we going? 3, 4.

Here, therefore, O Israel, and observe to do it, that it may be well with thee, and that he may increase mightily, as the Lord, the Lord of our fathers has promised thee in the land. Here, O Israel, the Lord our God is one Lord. Wait a minute. It says here that the Lord, chapter 8,

verses 6. It says here, But to us there is one God, God, the Father, whom all things are, and we in him, and one Lord Jesus. This verse says, the Lord our God is one Lord.

It speaks of Jesus. God is our Father. Jesus is our Lord. It's one Lord. It speaks of Jesus. And Jesus, in Mark chapter 2, spoke of himself. When he said, what is the greatest commandment? He says, here, O Israel, the Lord our God is one Lord. He was speaking of himself. And when that man says, it is better to be obedient to you. He didn't know he was talking about Jesus. Jesus says, you are not far from heaven. Divine revelation. Bless you. Hallelujah.

And next time you hear the words in the Bible that says, You are not far from heaven. Thank you.
