Automatic transcript. Not a word-perfect manuscript.

Good day and welcome to this podcast. I'm your host Ashton. Today we're going to continue with the series called Building Faith. Today we're going to look at the role of your confidence within the Word of God that you read and often quote. Our scripture for this is Hebrews 10 verses 35. Cast not away therefore your confidence which had great recompense of reward. And last year 2021 my brother was admitted to hospital and the doctors had diagnosed that he had a tumor on his brain.

There was blood and they needed to urgently operate on him because if they don't operate on him he was going to die. So we heard by his wife the information and I went to go visit him to see how's he doing. So while I was talking to my family members I remembered something that one of my cousins had put in the family chat group. And she said, well you know our granny, our late granny passed away from a tumor on the brain. And I looked at the message and I remembered yes this is true.

And so what I did was I immediately went into scriptures and I got healing scriptures and then I went into the bloodline and I came against the spirit, the generational curse that brought about tumors within our family bloodline. And I prayed on his behalf and I prayed on his behalf. Then I went back to the hospital and I took anointing oil and I said to him, this is the situation. We're going to come against you. We'll just first agree with me. There isn't anything you need to do.

Just agree with me as I pray. And we're going to come against this tumor that has come through the bloodline. So I asked his wife to leave. And I then, okay, I only wanted people with faith in the room. So that's why I asked her to leave. And I then anointed him and I prayed with him. This was a Wednesday. Thursday, he was scheduled to go to surgery. I think it was the Thursday or the Friday evening. And no, it was the Sunday, that Sunday. So I contacted my sister and I said to her, look, this is in the bloodline.

We just need to, you now need to go into the bloodline and come against this also. And when you visit him, take the anointing oil, anoint him and pray with him again to come against this in the bloodline. So the Saturday she went and I gave her the prayers and she was led to pray. Sunday evening went by and the Monday, my brother was scheduled for an operation. So the doctors said he must. Eat and they ran MRI scans and they did all of the preparation work before the surgery.

And I keep seeing my brother's WhatsApp status. He's angry, he's hungry, he wants to just eat now. It's been so many hours he hasn't eaten and the evening went past and in the morning the doctors came to him. And he was beside himself, he was very angry. And the doctor said, look sir, according to the MRI scans and the tests that we have run on you, we can't find the tumor anymore. It's disappeared, we cannot find the blood clot, we cannot find the opening, we can't find it, it's just gone.

And we're going to prepare you to be released within the next two or three days. And within that week, my brother was released from the hospital, no surgery performed. And everybody was hip, hip, hip, hooray. And we didn't, my sister and myself, we didn't throw away our confidence in the prayers we prayed based upon the word of God. And what the word says for my brother's situation, we stood in faith and while he was alive, he agreed with us and that ultimately set him free.

Now just a little bit more education on sometimes when you are dealing with sicknesses and disease and illness. Because I was talking to a lady friend of mine who is also a believer. And she said to me that she was talking to one of the deliverance ministers and they had come up against the spirit of fear within the person. And one of the biggest opponents they faced within this person was the spirit of symptoms. And when the spirit of symptoms was questioned, the spirit of symptoms said that it is the spirit that allows you to come into agreement with sickness.

Symptoms is the spirit that says to you, oh, there's a needle in your foot. Symptoms says to you, oh, there you go, there's a slight pain on the left hand side of your brain. Looks like you're going to have a migraine. Symptoms says things like, oh, you sneezed and you're feeling cold. Yep, it looks like you're going to get the flu. And we then cast our confidence away and we come into agreement with the spirit of symptoms. In fact, when you go to a doctor, the first thing the doctors ask you is, what are your symptoms? The spirit of symptoms has already played a role within getting you to move away from your confidence within the word of God so that you can come into agreement with the sickness that is happening or wants to happen to you.

When you agree with the spirit of symptoms... Of symptoms, you then cast away your confidence in God's say on the matter and you allow the sickness then to overtake you and to conquer you. But when we then engage, when we employ, when we use God's word, then the word of God says I. That means that he, Father God, will personally ensure, will not put the diseases which you fear upon you. God has an active role in stopping all sicknesses, diseases to come upon you.

But when we don't call upon our stronger partner in this covenanted relationship we have through Christ Jesus, then how are we going to overcome sickness? Let's look at an example of the Israelites when they had left Egypt. Moses had sent out spies to spy the land. And when they returned, they said, yes, it is true. The land flows with milk and honey and various fruits that they have never seen before. They share size of the sheer size of the fruits.

But then they turned around and said, the people are strong. The cities are fortified and they are very large. And they saw giants. They saw the descendants of giants. And then they also saw the Amalekites, the Hittites, the Jebusites, the Amorites, and the Canaanites. And they gave a very bad report about what they had seen. Caleb, on the other hand, says, Let us go immediately, without hesitation, and take possession, for we are well able to overcome it.

Without fear of what he saw, what he heard. Without fear of sizing up the people. Caleb stood firmly on the promises of God that this is what you are going to inherit. The other men threw away their confidence. They said, we are not able. For they are stronger than we. They haven't even tested the people. They gave a very bad report. And from what they saw, reduced the nation of Israel to a bunch of grasshoppers. Take note of the good report. Even though he had seen the same things the others saw, his report was based solely upon the confidence in the promises of God that they will inherit that land.

And they will take possession of it. And that land will become theirs. Like the doctor that came back to the room to tell my brother, you know, if we don't do this operation within the next 24 hours or 48 hours, you are going to die. We didn't agree with that report. We agreed with the report of God that said in the word, I am the God that heal it. And I will turn your bed of afflictions, that I will strengthen thee. That's what we stood on. We took the scriptures and we stood on those scriptures.

So while the doctor held the negative report, we came with the good reports. And we didn't lose our confidence in the good reports, standing firmly day and night, praying God's word back to him. If you've been following my podcast, you know, I always say it is not what you say when things are good, but it's what you do under pressure. So when you are faced with adversity in that moment of pressure, what is it that you're going to do? Are you going to

stand firmly in the word of God? Or are you going to buckle under the pressure and you're going to accept the bad reports? In the previous podcast, we said that your faith needs to be established on the rock.

And the rock is God's word, which is Jesus Christ. Jesus Christ. Everything that will happen to you on earth must be signed off with your agreement in the spirit realm. Whether you engage in the spirit realm or not, your failure to speak God's word in prayer in the spirit realm over your life is just as you saying to the enemy, I agree with me, I agree with you because I'm not going to use the tools God has given me to fight you and conquer you. Your spiritual life determines what goes on in your physical life.

Let's look at what the word of God says about the word of God. We're going to read from Hebrews chapter 4 verse 12. For the word of God is quick and powerful and sharper than any two-edged sword, piercing even to the dividing asunder of the soul and spirit and of the joints and marrows, and is a discerner of the heart, and is a discerner of the thoughts and intents of the heart. The description of the word is that the word is a verb. It is living.

And the definition, according to Strong's, says that it means am alive. The word is saying I am alive. Another descriptive word is powerful. The Strong's reads, the definition of it says that it is active. So it is alive and it is active. And the next descriptive word is that it's sharper. That word means to cut. It is more keener. The next descriptive word is discerner of thoughts and intents. According to Strong's, means that it is critical and that it is able to judge your situations.

It says that the word is skilled in judging. And I also miss the word powerful. Strong says that the definition of the word powerful is that it is active. It is productive of due results. It is at work for you. So we see that the Bible is actually a verb. It is a doing word. It is not... It is something that you just read, it is something that you do, and it is something that is done unto you if you receive it, if you quote it, if you have faith in it, then it will happen to you according to what the Word says.

The Word itself, it is not something that it is a dead letter on a page. No, not according to the standards of God, not what God has made His Word to be. And we have to ask ourselves this question, how is our belief in God's Word? Do you have faith in it? You cannot receive God's benefits if you don't believe His Word or His works. By ceding in God's Word and using it as your own first in your thoughts on any situation in your life, if you're coming into the agreement with God's thoughts and God's decisions on every matter that is going on in your life.

It will then transform your thinking from a carnal mind, a carnal way of thinking, based upon what you touch, taste, hear, and see, to God's thinking. If you believe from your heart in God's Word, then it will produce God's results in your life. The Word is not meant to be read like a book, but believed in, in its teachings and promises. It is to be lived out daily. 1 John 5, verse 14 reads, And this is the confidence that we have in Him, that if we ask anything according to His will, He heareth us.

So we need to guard how we pray also. So one of the things we are taught not to do is pray like the hypocrites, those people who want to be seen. God says don't pray like them. Once they are seen in public and in places where they want to be noticed, they have their reward. He also says don't babble. Use vain repetitions. And we need to be very careful of some of the New Age praying techniques that have crept into the church. Things like contemplative prayer.

These are all New Age teachings. They have their roots in Catholicism. And they also have their roots in Hinduism. But we knowing that God hears us because we pray His word back to Him, we must also believe in Him and in the answers that we will receive from Him. There are many reports outside of the word of God designed to bring us into a downward spiral. These reports want to throw away our confidence in God. But your confidence is your freedom in His word.

By its truth, it will set you free. If you embrace the negative reports, if you grow weak because of what you see, hear, taste, touch, or the emotions of others, then you will be overcome by the enemy in your spirit first and then in your flesh. But if you hold on and steadfastly... Cling to God's Word. Then in the spiritual realm, you will have a weapon no enemy can overcome. God said, I have placed my Word above my name. If God himself is so confident in his Word in that manner, then you as his child, who he will do anything for according to his Word and will, should be beaming with confidence and scriptures in your life, knowing that what you are speaking will bring forth what you have asked God for.

The image of confidence in your life should be a very strong one. You should be able to pray boldly and confidently, knowing that God hears you, because you are speaking God's Word back to him. And God says that he will not let his Word leave him and not accomplish what he has set it out to do. Therefore, the accomplishing power of God's Word is yours. If you have faith, if you don't throw away the confidence, and if you speak it boldly, God bless you.

I'm your host Ashton, and I will catch you on the next podcast.
