Speech transcribed from the teaching audio. This is not YouTube's caption track, and it is not a word-perfect manuscript.

Praise God for his goodness and mercy for opening the ears and the hearts of people in the name of Jesus. We tear off the veil of the enemy and let the voice of the Holy Spirit go forth, not the voice of the enemy in the name of Jesus. I take authority over the airwaves now and I silence every contrary tongue in the name of Jesus. Hallelujah. Today's message is deliverance from spirit husbands and spirit wives. Deliverance from spirit husbands and spirit wives. We call them what?

Incubus and succubus. This is one of the biggest tormenting spirits in the church. I'm not talking about in the world. I'm talking about in the church. And many people are not dealing with it. Why they don't deal with it is because number one, a lot of people are scared of it. Number two, a lot of people are embarrassed to tell somebody about it. I have been in deliverance for a while. I'm here to see one deliverance candidate that was not dealing with a spirit husband or a spirit wife.

I'm here to find one. Every time people are dealing with other things, witchcraft, foundational things, but it always ends up with spirit husband and spirit wife. Why? Because whether it's witchcraft, whether it's familiar spirit, whether it's foundational deposit, whether it's half of the time, they also want a piece of your flesh. This is one of the biggest tormenting spirits in the church. These spirits, they are responsible for breaking marriages. They are responsible for hatred by your spouse.

You find out that the same man that the first day they met you, they wanted to kiss your mouth, kiss your head, kiss your hair. When they say you may kiss the bride, they didn't let anybody talk because they wanted to kiss everybody. You're elbow, your fingers. Right now, like my father in the Lord, Dr. Lukoia says, he's looking at you like, if I see you, I kill you. Are

you wondering, huh? I don't know where love. He's like, get away from me. And there are a lot of people going through stuff.

They are responsible for serious gynecological problems. We call them all kinds of names. Endometriosis. We call them molar pregnancies. We call them fibroids. We call them cysts. But most of them are evil deposits from the spirit husband. They are responsible for miscarriages. Impotence. Men that can't get it up. Untold hardship. They are responsible for financial failure. Because when this spirit is in your life, if he assumes that he's married to you, you're married to them, at the end of the day, what you have is yours, what they have is yours.

So they take when things come to you. They become the thing that steals and kills and destroys in your life. They are responsible for general failure at the edge of breakthrough. If you see somebody that has a serious spirit husband, it affects almost every facet of their lives. They are responsible for infertility. People that are married, they go to the doctor. Everything is fine, but you don't have a child. And people are like, what is spirit husband and spirit wife? Does that really exist?

Is it scriptural? Of course. If you turn your Bible to the book of Genesis, Genesis 6, let's look at something. Genesis 6 verse 1. And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them. And daughters were born unto them, that the sons of God saw the daughters of men, and they were fair. And they were born unto them, that the sons of God saw the daughters of men, and they were fair. And they took wives of them, all which they chose.

And the Lord said, My spirit shall not always strive with man, for that he is also flesh. Yet shall his days be a hundred and twenty. Verse 4 says, There were giants in the earth in those days. And also after that, when the sons of God came unto the daughters of men and bare children to them, and the same became mighty men, which were of old, men of renown. There were giants in the earth when, in those days, and when afterwards. People like the God flooded in the flood of Noah.

No, we had the sons of Anak, we had Goliath, all through. David fought giants. The mighty men of David fought giants all through. These were what we call the Nephilims. These are called what? Nephilims. In those days, we had the angels that left their abode and came and lost them after women and produced a crossbreed. What's the agenda? Peter, God had told the devil that you messed with, this you deceived. Her seed will bruise your head to try and corrupt the seed of man. God looked at what God says in Genesis 6 verse 8, but Noah found grace in the eyes of the Lord.

So God decided to destroy the world and start with the seed of Noah. When God destroyed the earth at that time, what happened? What happened to these 30 foot Nephilims that were on walking the earth? Those giants flooded. So their flesh, they could not really die because this, you know what I'm saying? They got flooded and their flesh got pulverized. But what happened to the spirits? This mixed breed, they are still lost. What is their agenda? Their agenda is to corrupt human beings.

They still look at women and men and think, that did the first crime. They have been locked up in prison, waiting for the lake of fire. And I can tell you stories and we will not be done listening to them. We had a land ground doing that this thing deflated. Three months ago came for deliverance. She said she was pregnant. She knew she was pregnant. She heard her baby crying. And she asked her, did you go to the doctor? She said yes. Did they check you? She said yes. They said that she's not pregnant.

I said, but she said she's pregnant. I just looked at her and laughed. I said, you are carrying an evil spiritual pregnancy. And you better have bought that baby in this place before you leave. Because what do you mean by you're pregnant and the doctors can't find it? Have they ever done a test and found that you were pregnant? She said no. She said, but she knows she's pregnant. She feels it. She knows how it feels. She has more symptoms. You understand? She was walking and walking and walking and walking and she started throwing up.

And she left out of here. Stomach deflated. We had another young lady. She was sitting right there. She had been having, she got to the hospital. She had cysts. She had fibroid. She had ovarian cysts. And she was about to go for surgery. When she came here, we started praying. She started vomiting blood. She vomited and vomited and vomited. When she went back home, she started producing clot. Her period came and it was big, thick clots. So she ran to the doctor because she was scared.

They examined her. Cyst, fibroid, gone. Evil spiritual pregnancies. A lot of them. They call them fibroids. They call them endometriosis. They even call them molar pregnancy. You are pregnant with this thing that looks like grapes. It looks like a big bunch of fluffy looking grapes. These things are evil deposits of the spirit husband. Most people believe that the spirit husband and the spirit wife, the incubus and succubus, they are the same spirit. They turn into a woman. Then they sleep with a man and collect his sperm.

Then they turn into a man and then they sleep with another woman and deposit the sperm and reproduce more of themselves. Because of the way they are, they can't. Angels cannot reproduce. You understand what I'm saying? So they can use human beings to reproduce more nephilims. People will be like, no, that's not possible. How can a spirit sleep with a

human being and produce a child? That's not possible. Really? How was Jesus born? The Holy Spirit breathes on Mary and produce a child.

And the devil figures, well, if God can do it, I can use it to multiply and produce evil seed. That is illegal. The thing that Jehovah does, the devil tries to pervert for his own pleasure. The children of the devil, I don't care. The children of the devil are the bride of Lucifer. But we children of God are the bride of Christ. The bride to touch us. Give him unto you. They are the most difficult demonic spirits to get rid of. That is because of holiness and sanctification that will keep the spirits away.

Most of us would not want to put any restrictions on our enjoyment. I was talking to a lady. She had rings, rings, jewelry, everything decked up like the lady in the marine kingdom in Revelation 17. She said, I need prayer. All this stuff is going on with me. I said, girl, you're going to have to get rid of some of these idols you're wearing. She got so offended that I want her to look. She can't just be going around looking like all Pentecostal people looking crazy. I said, okay, keep your idols.

There are many Any categories of spirit husbands and spirit wives. Hallelujah. The first kind I will discuss is the hidden one. The hidden one are those that they come and sleep with you in the dream but you don't realize it. You don't know. You have a spirit husband but you don't know you have one. Most of the times some people get up from sleep feeling aroused. You don't know why. Or you get up. Sometimes you feel bloated. You get up. You went to sleep feeling good. You got up from sleep just feeling funny.

But you don't know why. These have touched you. And they make you. They take the dream away. You don't remember it. So you get up from sleep and look like something snatches your dream right off your mind. You know you have been dreaming but something snatches it off immediately. There are many people that have the spirit husbands and they don't know. So we can only diagnose them by the symptoms they have or by the conditions of their life. These ones are the hidden ones. They are those that are camouflage.

They come to you with the face of somebody you know because you will not say no to them. They bring the face of a husband, a wife, a loved one, a past boyfriend, somebody you've been fantasizing about, somebody you think is cute. If you start fantasizing about all these movie stars, the devil has a way of putting their face on a Nephilim screen and bring it to you. You'll be like, ooh, I just love whoever it is that lady was loving. I'm not going to call the person's name. Of course the devil was bringing it to him.

She used to see herself sleeping with that movie star all the time. And she liked it. Camouflage. They are the ones that are spiritual prostitutes. They jump from one person to

another. They are the ones that are hermaphrodite. You see yourself a woman sleeping with you with a male organ. You understand? You see a woman and a male organ sleeping with you. Many cases of that have been reported. I know a lot of people that have said that. There's a lady that actually said that she was seeing herself with a woman and then she had a male organ.

There are those that are what we call astral sex. A demon or Nephilim. It's just a human being that's a witch. And they astral project and sleep with people. We've had that happen. I had a young lady that told me that she's a prophetess. She told me that she had this man that she saw in her dream. She slept with the man in her dream. Eli. And she thought this must be God. And she married the guy. Had two children with the guy. Man almost killed her. By the time she started really serving God.

By the time God opened her eyes one day. She saw the man. And the man's male organ was a snake. Her husband. I was like, you ought to be going around just marrying people. Before you go and marry some Nephilim. Check their belly button. Hallelujah. Check their belly button before you marry them. They might not be human. Daddy has gone into the bathroom. They go, do do do do do. Hey, come back here. We had another lady. She was working in the church in ministry with the pastor.

She and her husband started having problems. They went to council with the pastor. She said she didn't even think the pastor was good looking. She said, but from the day after that counseling, she could not stop thinking about the pastor. Then the next thing, pastor started coming in and sleeping with her in her dreams. Then very soon, pastor started really telling her that, you know, I'm inside of you and I swim inside of you. And now pastor and her started dating in real life.

She went to a program. She said she knew that she had left pastor behind. And she knew there was no other entrance into that place. Let's go. She was a teacher. She looked. I'm When she came in she was standing at the door with the people. She said when she turned around she saw pastor inside. She looked at him like how did you get here? She looked at her like he wasn't even scared. Projected into a meeting and his bishop came for deliverance because when she found out that and ran for her life by then the devil was inside her.

The warfare was on. We had a young man call me from Monroe crying because every night she has this man raping him in the dream. He's not even homosexual. He said men are raping him. And he was like Dr. Stella I don't know how to say this. Please don't get freaked out. I was like don't worry sir. I will not be freaked out. I have seen some pretty freaked out stuff

and I've not freaked out yet. I'm a deliverance minister. I'm used to hearing crazy things. We had a lady. We had a lady.

In fact what did she tell me? She said I entered my room and I knew something had come in with me. And when I sat on my bed. The thing sat next to me Dr. Stella I saw my bed depressed. Real life. I saw my bed go down like somebody had sat on it. And now we went into our room and she said man got upset. She showed up. Don't worry I'll take care of you. She said I'll be seeing you in my dream. He screamed. He ran back downstairs immediately and apologized to her husband. And they started praying.

We have seen starting people. These things are tormenting people. We had a family come here from Seattle. They've had 10 miscarriages. 10. They had cried and cried until they could not cry anymore. They even tried to go do surrogate and something crazy happened. So they were about to give up and just adopt. And then the husband saw me online. I think on Facebook or YouTube or something. She sent me an email and said, Dr. Stella, please help us put the devil to shame. That couple flew down here in this same room.

We had a 3-day marathon prayer. This woman used to get pregnant. She would have this strange dream and then she would lose the pregnancy. Then when they flew home, within 8 months they had their first child. We had a lady here in town that came for one of our deliverance programs. She hit the floor and she screamed like crazy. She'd been married 5 years, no issue. She hit the floor and screamed. Why? Because the things that are screaming inside. She played with her widgey butt.

I called her name. She's mine. She's mine. She's mine. She's mine. This woman was crawling on the floor like an animal. It was crazy. Rocked out. She went through deliverance. Now, she has her first child. I went to minister in one city in Nigeria. This woman came to me crying because everybody that has ever been engaged to her, something horrible happened to them. One died. The other one lost the job. The other one got, the car broke down or whatever. One of them received a physical slap.

Had a guy in Maryland, he would lay in the bed and see his wife sleeping with somebody and won't touch him. The minute he married this woman, he went from having businesses and everything to not even be able to pay his bills. Desolated. Like they say, married to the enemy. married to the enemy. Serious. They are touching the children of God. They are harassing people and the church is not doing anything about it. It's about time the church start addressing the women that are men that are coming into our dreams and raping the people.

Address this. It's not happening. It's not happening. Tell your pastor it's going through it. I was in California when I went for a deliverance program there. By the time I met her, she was

trying to kill herself. After the deliverance program, she said, Oh God, Dr. Stella, I want to leave. Thank God. I've been wanting to kill myself for a long time. I just couldn't kill myself because, well, I felt that if I kill myself, I'll go to hell. But thank God I want to leave now. I told her, join the mountain of fire church there.

Stay prayed up after your deliverance. The last time she called me, the demons was attacking her in the physical. She could walk into her room and know that the man is waiting for her in the room. And hers was violent. It was raping her and causing pain. It wasn't that, it wasn't just, you understand what I'm saying? So these things are serious. People are going through stuff. Marriages are breaking. You see yourself, your beautiful relationship after relationship breaking. You don't know why.

Because you're married to be in the spirit. And once you're married in the spirit, you can't get married and be happy in the physical. There are people that are looking for children, cannot have children because they already gave birth to a bunch of children in the spirit. When you give birth to the physical children, you cannot kill them. When they come in and sleep with you, what do they do? They defile your flesh. You wake up feeling tired. We had a man of God that went to go preach.

He decided to take a two hour nap. The spirit husband came and the spirit wife came and slept with her, slept with him. By the time he got up, woke up from sleep, he had ejaculated and it was all over his coat. He couldn't even preach. He couldn't even preach. He couldn't even preach. Because he got up, his anointing was sucked out. This thing had defiled him. And sometimes it's happening to men and women of God. And they are crying and they don't know the way out. The Bible says in Jude 7, So even as Sodom and Gomorrah and the cities above them in like manner giving themselves unto fornication and going after what?

Strange flesh. And they set forth an example. Suffering the vengeance of eternal fire. Likewise also these fealty dreamers, they defile the flesh. They despise dominion and speak evil of dignitaries. When this thing come and defile you, sometimes you wake up from sleep feeling aroused. And then it leads to masturbation. It leads to fornication. It leads to other sexual sins. Hallelujah. Even spiritual marriage is a deep subject. It affects a lot of people. We found out that 7 out of 10 people in the church are going through this.

Many Satanists are beginning to project and sleep with innocent women and innocent men. Another kind of spiritual spouse comes down your family line. There are sometimes when it's a collective spirit spouse. That means every woman in that family is married to that same idol. Your grandfather used to worship an idol and then he married all the children. Then you find out that down generation line, the women are all married to the idol in the village. There are

sometimes there is a collective captivity in a particular city, in a particular village, in a particular neighborhood.

Everybody's married to the idol. And then you find out that in life. We had a case. A person of fire. This young lady, she was like 35. She had three sisters. 35, 38, 41, 43. All four sisters, virgins. Never married. Nobody ever spoke to them. So at 35, the youngest girl joined mountain of fire. So they went on this seven hour marathon prayer. And they went on this seven hour marathon prayer. When they came there they gave a prayer point that says every every giant standing at the gate of my promised land fall down and die in the name of Jesus.

This woman prayed with fire and then she had stayed on the floor for seven hours. Let her share the grace. That's when she woke up. She had a vision and this is the vision she had in seven hours. She said the minute she felt that she found herself in this throne and there was a king. So when she walked in she saw the king. Then she looked and there were all three other women there. And she found out that she looked at them and they were the faces of her sisters. She found out that she and her sisters they were all wearing the same outfit and they were all serving this king.

This girl looked at that king and said everybody else might be your wife but I divorce you in the name of Jesus. In that dream the king got off from the throne and hid the floor and died. That was all that woman saw in seven hours of prayer. Within two three months she was married. Because she had divorced the family straight husband. I went to preach in this village when I went there I saw a vision where all the women in the village were all vying to marry the king. In that village there's a lot of whoredom.

There's a lot of prostitution. Women don't stay in marriages. Women are jumping. If you go to my country that village is notorious for having the greatest amount of prostitution. You know. They just call the name of women from there. They are prostitutes. They do this. They flip around there. You understand? Why? Because they are married to the idol in the village. If you don't deal with the spirit husband it will deal with you. If you don't deal with the spirit wife it will deal with you.

There are many people that have been married and they don't have children. There are husbands that cannot get it up. We had a lady right here. She was sitting down there. She said herself is in the marion kingdom. I don't think she knew it. Because it was here when she started manifesting and started talking and talking and talking. The demon spoke and said they have captured the husband's private. It's under the water somewhere. The man cannot get it up and can't have children.

And you know what? Sometimes when somebody has been captured like that their mind just don't work right. Because he was here and we were trying to get him to pray. He was doing one of those little... I'm thinking to myself. I'm like your stuff. Being captured under the water somewhere. You're praying cute. I was like okay. She was... He's one of these hermolitikers. He went to Bible school. You're captured under the water. With holy desperation. Me I'll be on the floor and provoke.

He says some pretty stupid things. So we've seen a lot of stuff. This destiny. They will keep harassing our children. And the same battles. Because this is why man marriages are in such. Heading away from their wives. My husband ran off. These days were getting men... emails we get about a spouse ran off after they get infected. He was one of the biggest witches that ever existed in this country. He wrote a book called 777. In that book, he was teaching people that if you want to be famous, if you want to be rich, it will make you famous.

Beyonce says she has such a yes. You'll hear Lady Gaga. I'm not even sure she's human. Her own is a dude. They're telling you straight up. They call it their alter ego. Beyonce told us that when she's singing and dancing and shaking and bawling, it's not her. It's a Shafias. So it's like a Nephilim Smith is entertaining you and your children are dancing and you guys are all dancing to it. What is happening to you? You're all getting infected. Michael Jackson, all of us danced to Thriller.

Thriller was succubus encounter and we all danced to it. Do you know the things we got from it? If you listen to the devil entertaining you, he will possess you. And a lot of church people that have burned strange fire, a lot of people that are mixing the secret and the profane. In the church, there's no demarcation anymore between safe and unsaid. Do you understand? These days you get into the church, they're all paring. I have a young man coming here trying to sell me a CD that, oh, it is reaching the youth.

It's a rap. It's a, it's a hip hop CD reaching the youth. I am impacting the youth. I said, let me ask you, when you play those, do you bear in them? Trying to be righteous? Trying to be safe? No. They just come to in them. It's worldliness. Flesh. We had a young man the other day went to preach, living with his girlfriend. And the past bishop is also living with his girlfriend, I guess. We had a pastor call me because he's having problems with the wife. And you know what he's saying?

You better get her to act right because my body is beginning to burn. I'm going to cheat on her. How's that? I said, both of you are insane. How does he affect the woman? The woman comes into you. Messed up your unknown repel. You might end up in hell. And then you make it look as if you're doing it to upset your wife. So, many times, there are many things that will

happen in your life for you to know you have a free spouse. The commonest one is sex in your dreams. If you've ever had sex in your dream, you have a free spouse.

If you've ever slept with somebody in your dream, you have an incubus or succubus. Marital distress. You find out that you're having marital problems that you truly can't understand why it is getting. You know, you're fighting over things that don't make any sense. You make unpardonable sexual errors. The senator that took a picture of his wee wee and sent it to a 14 year old. Spirit husbands and wives will make you do something that crazy. Neglect and abandonment by the opposite sex.

It's like your husband will get up when they pack his things and just leave. You won't know what you've done to him. One day you guys were good, the next day he's looking at you like, oh, why? Because his spirit husband has slapped me a few times until he leaves my wife alone. Sometimes his spirit wife has dragged him away. If you miss your period in the dream, you see yourself, you missed your period in the dream, you're carrying a baby, you're breastfeeding a baby, you're feeding children.

If you have, if you're being jilted over and over, you find yourself being jilted over and over, you're dealing with a spirit spouse. You see yourself pregnant in the dream, giving birth. You got to deal with it. You find yourself having a family in the dream. Or you see yourself shopping with somebody. You know, you go out, it's like you guys are shopping, doing things like a couple will. Or there's a woman in your house cooking for you, taking care of you. That's your wife. Kill it.

Because if you don't kill that one, you will not be able to have one in the physical. Or you see yourself, you're laying there, there's a man laying beside you, just chit-chatting, talking, you know what I'm saying? Like a spouse would. That's gynecological problems. Most of them are caused by the spirit husband, spirit wife. Most times people say that a womb that doesn't grow a child grows a fibroid. That's what we say in the medical sciences. The reason is that most young people have not brought enough junk into their life.

As they get older, as we get older, and most people that don't have children are people that are single. So as they get older, and they stay single, and they date more and more people, they open more and more of their lives to the spirit husband and the spirit wife. You see yourself getting married in a dream? Deal with it. One of the biggest open doors, the Word of God says in Genesis 6-2, that the sons of God saw the daughters of men and they were fair. They were beautiful, they were sexy, they were attractive.

As a woman of God, you as a child of God, you dress up, and you got breast out, butt out, sexy, tight outfit, this, you're opening door to the spirit husband. If regular men are seeing

you and it's bringing lossful thoughts in them, then the spirit husbands are definitely marrying you too. If you're going to dress and your clothes are running away from your knees dangerously, sometimes you look at the dress and wonder, where's the rest of it? Did you go to the store and they only sold you half a yard?

We've been there. I've been to dressing those short dresses. But I was not a Christian. When you're a Christian, your difference should be clear. I'm not saying you shouldn't look nice. I'm just saying you shouldn't go around looking sexy. If somebody ever tell you I look sexy, please rebuke it. Because if you look sexy, the demons think you look sexy. That's not Christian. So, the Bible says that the sons of God saw the daughters of men and they were what? They were fair. Sometimes you see these people, they will dress up, we Christians, you dress up, they will make up purple, green, bright red, everything.

You're looking like a mask. You'll be praying, oh God, send me this, send me this. They will send angels to you. But when the angels come, they will look at your face. They will not think that, they will think you're a blood drinker. Because when they come and they see, no, no, no, this cannot be a child of God. Because... Because... You look like the queen of the coast. Sometimes even the jewelry we wear, the hair braids. We have a lady, a woman repent from the marine kingdom.

And she said that they are the ones that make the attachments. So that when you attach it on your head, that is a way that they climb into your life. Because there are a lot of people whose whole marriage is hanging on a ring that can easily be manipulated by the kingdom of Daniels. And you're wondering why you're married. Because the thing that you put your ring as a symbol of your marriage is a demonic artifact. In our church, we don't marry with rings. We use the Bible. Because the Bible is forever sure.

Spirit husbands are the most difficult spirits to get rid of. Because most of us in the church don't want to stop looking sexy. Most of us don't want to stop wearing our tight pants and our tight skirts and our short, skimpy little things. Another way that opens the door is demonic festivals. Like Mardi Gras just passed. Young children, they wear short tight gloves and they are shaking their butt and dancing for these demonic spirits. The devil is marrying them right there. Sometimes the door can be opened if you sit under a minister that is sexually unclean.

Your bishop is homo. But you say, we just love bishop. All of you, they are married to the devil. You've heard that, you know, apostle is sleeping with little boys. We just love apostle. All have sinned and fallen short of the glory. No. Apostle did not sin and fall short of the glory. Apostle threw the glory through the window. Because before you become an apostle, a bishop, you are hurt. Treat your child anywhere and your child dies and I go well, I fell short

of the glory. When you, you don't be falling short of glory or throwing glory out through the window.

Apostle sleeps with one, two, three, four, five, six little boys. That's not short of the glory. They didn't fall short. The glory has not been around for a long time. But when I came back, it's here and nobody's been into this house. These things are happening to people in real life. It's now out and in your face in this country. Why? Because we have turned a Christian nation into a demonic nation. Say something. He said something very poignant. He says that some of these crazy things and nothing will happen to them.

But this and the devil is all over them. You know why? Because to some extent, to serve the devil, God allows you to feel what you're doing. I had a woman call me today from Dallas. She said her son, 18 year old, she's hearing voices. They are talking to him to slap somebody. One minute she'll be like, oh God is talking to him. Next minute the devil is talking to him and he doesn't know who is talking to him. And the mom thinks he went and did drugs. I told the mom, I said, you know what, you should be grateful that he went and did that drugs and started hearing the devil's voice.

Because there are many people doing drugs and never hear that voice and continue doing drugs for a long, long time. They are on their way here for deliverance. So now... These things are showing up in the physical because the grace of God right now has been taken for granted by the church for so long that now you keep doing mess. God is going to allow you to feel what the devil is doing back to you. A lot of people in the church are going through this. Well, I'm saying, why is this happening to me?

It's happening to you because you opened the door. It's happening to you because you're going against the word of God. The Bible says in the book of Deuteronomy that a man should not wear a woman's dress. Neither should a woman wear a man's dress. I don't wear pants. Never, ever. If you're dealing with a spirit husband and you're not going to get rid of your pants, you're not going to get rid of that spirit husband. Because he will have a scripture to prove to God why he shouldn't go.

There's another open door. The Bible says that a woman should not pray or prophesy without their head being covered. If they do that, the angels are watching. People are like, yeah, it's in the Bible. Let's turn to the book of Corinthians. First Corinthians 11. Let's start from verse 4. Every man praying or prophesying, having his head covered, dishonoreth his head. But every woman prayed or prophesied with her head uncovered, dishonoreth her head. For it was as if she was shown.

So if a woman does not cover their head, let her be shaven. Amen? Then you go to verse 10. It says a flower over her head. All the woman should have a covering of her head because the angels are watching. Which angels? The angels in Genesis. The Nephilim are watching. So if you don't cover your head when you're praying or prophesying, that means you're accessing the spirit world with no covering. And of course, there will be a dude coming to cover you. Especially since the word of God says you shouldn't do it.

When the word of God says something and we don't listen, the devil uses that as a legal ground to attack us. Do you understand? God will give you grace. If you repent, God will forgive you and you will go to heaven. But the issue is that those things that we do become legal reasons why the devil walks into our lives. And when the devil walks in, they are not leaving because you repented. Do you understand what I'm saying? If you crack open the door and the snake comes in, and you repent and close the door, there's a snake in your house.

So a lot of us have cracked open the door in many ways. And there are snakes in our houses, biting us. Even though we're heaven bound, the snake is still in the house. And sometimes the snake might bite you and make you run out of the house and end up going to hell. Because some of the things that the devil will do to you might make you end up in sin. If the devil breaks your marriage, you can carry on forgiveness towards your husband and that can make you end up in hell. If the devil breaks your marriage and sends you out there, you go and start fornicating, you end up in hell.

Do you understand what I'm saying? So some of the things that happen because of this demonic oppression will end up causing situations in your life that will make you head down the wrong road. We have a book here written by my father and the Lord, Dr. Dichkyo Lukoya, spirit husband and spirit wife. We have another one written by Dr. Etiola called A Woman's What's Nightmare. You guys need to read it. Amen. I've done all those arguments of you don't want me to wear makeup. You don't want me to wear pants.

You all do all these things because you just want to oppress us women. When I was done fighting my own battles, I threw out pants, makeup and whatever else I had to throw out so that I can come out of bondage. Amen. And I'm a deliverance minister. Because of what I do, I don't have anything of the devil's. I try not to keep any of his property. Not even, you know the word of God talks about earrings. Earrings is a sign of slavery. The Bible says that if your servant, if you tell your servant to go and the servant decides, I want to stay with my master, take him to the door, burst his ear and put an altar.

See you next week. In fact, when the children of Israel, God told Moses to tell them that get rid of your earrings before I destroy you. And they all took away their ornaments. Earrings are gods. That's why each time that they wanted to make idols, what did they do? They used earrings. Jewelry. Bring your ornaments. They used jewelry. They used their rings and bangles and earrings to make gods because they are gods. In the olden days, they wore earrings because they believed that demons went in through the ear.

So you wore an earring to indicate which god you were worshipping so that it would stop other demons from entering your ear. That's how earrings started. It wasn't a godly thing. In fact, if you notice, the people of the past, like men wearing earrings, they used to wear earrings to indicate whether they were bisexual. Now we have regular human men wearing earrings. In fact, sometimes their earrings are even longer than the women. They'll just be shaking. They'll just be shaking.

So the devil. So the devil has released a lot of stuff that we have imbibes that are not of God. They are not scriptural. But because we like to conform to the world. People are like, well, this is 2000 and what? 2013. There's no 2013 heaven. And 1999 heaven. Whatever pertain in the word of God. In 3 BC or in 580 or in 500 AD still pertains to it. Whether it was in 1512 or is 1913. It still pertains. So people sound as if we have a new 2013 heaven. This is a new millennium kind of heaven or kind of Christianity or kind of scripture.

No. The Bible is the same yesterday, today and forevermore. What pertained in the past pertaineth now. And I always say when the Bible says thou shalt not do something and thou shalt do it, the devil is going to know that thou shalt has done it. And that is why he will attack you. You go to church every Sunday. Oh God, just forgive me of all my sins. God, it's like you're forgiven. You're in right standing. You can go to heaven. But the snake came in when thou shalt did not do it.

Amen. So that's why we have to realize that we have to stop opening the door because when you open the door, the battle comes in and then it becomes too much trouble getting rid of it. You open the door, the snake comes in. Then you don't, most of the time you don't even recognize that that was an open door. You repent, yes, but you don't kick the snake out. Then you have these snakes inside your house. They give birth to children. And they have all this stuff in your house, in your home, in your life, in your marriage, in your children, in everything.

And then you keep thinking, well, God, why are you not asking me? God is looking at you and telling me, I can't answer you. It's not me or it's the snakes. It's the snakes. Get rid of those snakes and you'll be cool. God will always, in his infinite mercy, always show us when these

things are happening. That's why he shows you the fact that somebody is sleeping with you in the dream. That's why he shows you what the devil is doing so that you can bring the case and fight and win the battle.

Hallelujah. A lot of people have gotten speed husbands because of fornication, adultery, pornography, homosexuality, bestiality. There are people that have done masturbation and they're like, I'm a virgin and you've been masturbating. You are not a virgin. Well, is masturbation wrong? It's not in the Bible. Sex is a spiritual transaction. So when you're doing it by yourself, demons come and join you. When you're doing it in the right way, in marriage, God watches over it. How do I know that?

When Onan was having sex, God watched it. And when he spilled his sperm because he did not want to produce seed, God destroyed him. When the unbelievers are doing it, the devil is watching and pouring and evil spirits are going past each other. When you're doing it in marriage, God is watching and using it to produce a goodly seed. So if the devil can create situations where all these Nephilim spirits can scatter and break marriages, a lot of people will live in sin and then there will not be goodly seeds produced.

Will be produced. A bunch of bastards and they say a bastard cannot stay in the house of God for 10 generations. That's why a lot of us cannot truly comprehend God. Because there's too much stuff that has come down our family line. But you gotta decide that this is not your portion. Amen? I like this thing because you know, no matter how bad it has been, I always tell people, there's a way out. Your one repentance prayer, one serious Holy Ghost fire fight from your breakthrough.

I know that a lot of us have committed fornication, adultery, pornography. Some people here have, you know, touched women and men. Some people here have gone into bestiality. There are people that have watched, who have masturbation. There are people that have worn things from idols. There are a lot of things that have happened. There are people who have slept, sometimes you slept with a witch when you were 16. Oh, you slept with somebody. You guys were just both regular 16 year olds.

You sleep with them, you form a soul tie. By the time you're 35, you are a child of God and that boy you slept with at 16 is a warlock. And you have a soul tie with him that has not been broken. The devil is going to use that soul tie to cross to you. And you'll be wondering why, you've not seen this person for 21 years, but somehow they are affecting your life. Because you slept with somebody that later on started serving the devil and that link was still there, not being broken.

Well, I just did it when I was 16, okay? If you married somebody when you were 16 and you never divorced them, you ran away from them, denounced them, forgot their name, move on with your life, went to medical school or went to law school, by the time you turn 45 and run for the mayor or run for the senate, they are coming for you. You never divorced them. You only ran away. A lot of us have gone to psychics. A lot of us have gone to root workers. A lot of us have called, gone to palm reading.

We've done, watched Harry Potter movies, listened to demonic music and done a lot of stuff that have brought Nephilim spirits into our lives. Because when you go to a psychic, the spirits that those psychics deal with are marrying you. When you go to a root worker and they give you something, there are people that have gone to the beach. They've done, they've done what they call a spiritual bath. Because some people is in their culture, they do spiritual baths. Try to sanctify protection or anything that is not in the blood of Jesus.

You have given yourself off to a God, to an idol, to a Nephilim. A lot of us are guilty. Sometimes guilty without knowing it. There are a lot of children that receive, they bought them the eight ball when they were children. And the eight ball is a little psychic. And they didn't know. Because the devil has packaged it in a way that every one of us will take it without even knowing. Hallelujah. That's why the Bible says, my people have gone into captivity because they have no knowledge.

But thank God for the knowledge that he's given you this weekend. Because when you leave from here this weekend, you're going to be armed. Amen. Hallelujah. Amen. I thank God for the blood of Jesus. I thank God for Jesus dying on the cross. Because if any one of us got what we deserve, we will be dead. But it's God in his infinite grace and mercy that was still standing. It is God in his infinite grace and mercy that after all that sleeping around, that we did, we didn't get HIV.

It is God in his infinite mercy that you still found a way to get saved, even though your parents and your great-grandparents were idol-worshippers. God called you out. He pulled you out. It is God's mercy. So the devil might be harassing you right now, but you're way ahead. Because you have the grace and mercy of God. The devil might be harassing you right now, but you're way ahead. Because now with knowledge, you can come to the throne of grace and obtain mercy. Hallelujah. There is a way out.

Somebody said there is a way out. Break free from my past. In the name of Jesus. The word of God says in 1 Corinthians 3.16 that no are you not. That ye are the temple of God and the Spirit of God dwelleth in you. If any man defile the temple of God, he shall God destroy. For the temple of God is holy. Which temple ye are? God himself will arise and fight for me. The

reason is because you opened the door. But in Bible verse 24, that shall the prayer is delivered. But does and the prayer of those that are contending with you and you will save your children.

Hallelujah. He will not only save your children, he will feed those that are oppressing you with their own flesh and they shall be drunken with their own blood as with sweet wine. So yes, you committed abortion. You committed fornication. Yes, you went out and slept around. Yes, masturbation. Aha, that's what it's one. You know, the devil can list it on and on. Fornication did it. Abortion, this, this, that, that, that. Pornography, bestiality, that, that, that. They're calling it and you're looking at yourself.

I'm going, I'm guilty on this. I'm guilty. Okay, I didn't do this. I'm guilty. Yeah, guilty there, guilty there. How many people feel that way? By the time they call ten of it, you're guilty for about eight. The Bible says in the book of Colossians that blotting out the handwriting of ordinance that was against you, contrary to you, he took it out of the way and nailed it to the cross. When you decide that from my wicked ways, I run to the blood, you run to the cross. You can turn back right now and fight the devil with machine guns.

The devil will be like, you did this. I am here because you did this. I say, yes, I did it, but I am not guilty because I paid the blood. Because your forefather, your great-great-grandfather did something. Yes, I don't care what my great-great-great-grandfather did, but the word of God says, the way I'm in Christ. I am a new creature. Behold, I have become new. Behold, if I'm no longer the person. Verse 29, Jesus was replying to the people that came to him to say, well, I have a brother and they all died.

In heaven, who will she be married to? They would not expect, they would be like, what? Not much. That means a dog cannot marry. Relationship. I opened the door. Yes. But now, I have shut that door. I'm no longer going back into fornication. I'm no longer going back into idolatry. I'm no longer going back into pornography. I'm no longer going back into all that stuff. I'm going to stop looking all hot and sexy. I don't mind looking nice, but I'm not going to go out there flaunting it and shaking my brain from side to side and flipping it.

Say there is a way out of Jesus. Captivity by the blood of Jesus. Because Jesus died for me. In the name of Jesus. Word of God says in 2 Corinthians 11 to them, God is jealous over us with a godly jealousy. We are the bride of Christ. He might want to hang around with people that are not God's children. But we are the children of God. Somebody rise up on your feet. Somebody rise up on your feet. And I want you to begin to decree this. Before we pray, if you're here and you've not, or you're listening to us and you've not made Jesus Christ the Lord of your life, you don't even qualify to start this prayer.

Or you've been living in sin, you have some deliberate sin you need to repent from. You need to repent so that we can pray. Hallelujah. You need to pray. Say Lord Jesus. Lord Jesus. Come into my life. Come into my life. Forgive me of all my sins. Forgive me of all my sins. Cleanse me from all unrighteousness. Cleanse me of all righteousness. Say Father, I'm my personal Savior. In the name of Jesus. In the name of Jesus. And I want you to open your mouth and pray with fire. Say, I belong to Jesus.

I belong to Jesus. Body, soul, and spirit to Jesus. Tune in next week for part two of the message, Deliverance from Spirit Husbands and Spirit Wives. Visit our website and register for our monthly deliverance program second Thursday of every month at www.firepowerministries.com.
